Affiliate Reports

King County EMS-

Jon Nolan

- Epi Check & Inject
 - 135 cases
 - Remember to check syringe and ensure there is medication in it before you inject the patient.
 - If you open a vial of epi and do NOT draw any of the drug up, please document this on the Check and Inject form. "Vial not used" will suffice.
 - Expired epi- please notify us of your needs to replace any expired epinephrine.
 - King County EMS will provide replacement epi and live epi kits. Training materials need be purchased and provided by your departments. Contact Byron Byrne for the training materials list.
- ROC "CC vs 30:2" study has concluded. Good job everyone and thank you from ROC.
- **Please continue to call the ROC Hotline after each cardiac arrest, at least until further notice.**
- June 10th conference.
- Fire Dept. **BLS QA Policy** template is available.

Labor and Industries-

JC Smith

- Any training involving a burn, make sure asbestos abatement issues are addressed and paperwork is completed.
- Some departments may be getting phone calls from building contractors for fall protection plans, they also need rescue plans.
- Notify L&I if on calls where **any** electrical shock has occurred.
