Narcan:

- None has been sent out yet, but coming soon. Jon will contact our departments training officers within the next month, and will send out the kits after that.
- King county has decided to pay for the first rounds of Narcan, and most likely for the rest of the year....(No promises, but looks hopeful) . After one full year, it looks as if the individual departments will be responsible for paying for narcan themselves.

- New protocol is now in underway.
- Make sure to brush up with our department's EMT's: Basic and Paramedic

Leadership Symposium Committee – No Report .

ODA Committee – Web site up and running. The more people to sign up, the better

Pump Operator Workshop Committee – Working to get more pumpers. Ratio is at most 6 students per rig, with one extra in case of malfunctions. Departments tend to lend out their older rigs, which is good, but so far, a lot of them have had issues compared to the new rigs.

Scholarship Committee – Two separate 400 dollar scholarships have been issued. Turns out that last year, only 35 hundred was spent. Both requests so far were for the ODA classes

Truck Academy – No Report.

Website Committee – All Good
